Bought By the Appointation Trust Company for Forty Thousand.

DIVERSION SCHEME

Small Part of the Work to Be Done By Government Has Been Executed.

(Special to The Times-Dispatch.)
PETERSBURG, VA., April 18.—The handsome building of the Young Men's Christian Association, fronting 84 feet on Sycamore Street, with a depth of 170 feet, was sold at public auction this afternoon by T. Pannill's Sons, for forty thousand dollars. The Appomatox Trust Company was the purchaser, and it is not now stated to what use the property will be put. The association will build in another locality. A large number of representative citizens attended the sale. The property was started on a bid of

representative cilizens attended the sale. The property was started on a bid of \$35,000 and was run up quickly to \$40,000. The work of digging the new channel for the Appenantox River through Chester-field county, to a distance of two and a half miles below the city, is progressing statefactory. As proposition of the Werk. half miles below the city, is progressing satisfactorily. An inspection of the work so far done was made yesterday by United States Engineer E. E. Winslow, in charge of rivers and harbors in this district. About 150,000 cubic feet of earth has been excavated by the dredges, and deposited into embankment, and about \$150,000 of the covernment suproprintion 900 of the government appropriation \$200,0000 have been expended. The innel will be between 200 and 300 feet channel will be between 290 and 390 feet wide. But comparatively small part of the diversion work has been done, the Atlantic Coast Line bridge is to be built, and the big dam to turn the water into the new channel is to be constructed. Dr. James Garlick, for nine years con

Dr. James Garlick, for nine years con-nected with the Central State Hospital, as assistant physician, has been elected a member of the medical staff of the Western State Hospital at Staunton, to take the position vacated by Dr. DeJar-nette recently elected to the superinten-dency of that hospital, Dr. Garlick is a graduate of the University of Virginia, a graduate of the University of Virginia, an accomplished physician and an expert in the treatment of insanity.

The Petersburg Steamboat Company has purchased a large steamer to run on the James River line between Petersburg, Norfolk and Newport News. The increasing business of the company justifies this outlay. The steamer which

creasing business of the company justifies this outlay. The steamer, which, it is said, was purchased in Nova Scotia, is a steel boat with twin screws, and possesses first class accommodations for a large number of passengers with finely furnished state rooms and abundant room for freight. She is 165 feet long, 25 feet wide and of light draught.

Easter Picnic.

Easter Picnic.

(Special to The Times-Dispatch.)

JEFFRESS, VA., April 18.—A most expoyable Easter picnic was given at the home of Vm. S. Pinney, at which the large gathering of young people indulge in old-fashioned games and other amuse ments to their hearts' content. Also match (nay, almost a matchless) game of

ball was played during the afternoon, ir with contest, as the girls insisted on catching files in their lunch baskets and picking up grounders in their aprons, the young men saftered ignominious defeat. All loft for their homes with many pleasant memories of the day.

#### SOUTHERN SEMINARY.

Easter Entertainment to Defray Expenses of Y. W. C. A. Delegates (Special to The Times-Dispatch.)

Expenses of Y. W. C. A. Delegates (Special to The Times-Dispatch.)

BUENÁ VISTA, VA., April 18.—The Easter entertainment, by the young ladies of the Southern Seminary, was given Monday evening to a select audience, under the direction of Miss O. May. Jones, the head of the department of elocution and physical culture. Contrary to the usual custom there was an admission fee, the proceeds being for the expenses of a delegate to the Young Women's Christian Association to the coming convention at Ashville, N. C. The main feature of the programme was a play entitled, "The Triumph of the Cross," which had, as beautiful accessories, a scarf drill and a chorus, "Come Where the Lillies Bloom." The whole programme was a remarkable one, not simply for beautiful effects, some of which were pronounced the finest ever seen, but also for its refined and wholesome impressions and influences. These were all the more significant and pleasing to those that recall how many public entertainments to-day have in them what is neither refined nor clevating. By such an entertainment as the one given by the young ladies of the seminary last evening, an institution does some of the greatest work of education, in teaching the people, and more especially its own young women, who are some day to be evening an institution does some of the greatest work of education, in teaching the people, and more especially its own young women, who are some day to be leaders in their numerous and widely separated communities, that to please the public it is not necessary to desend to the level of the vulgar or the impure, either explicitly or sugestively. The rapt attention of the entire audience and its manifest and great enjoyment of all the parts, prove this conclusively, and thus teaches one of the greatest and most needed lessons to-day.

A match game of basket ball on the seminary grounds is scheduled for the list.

21st.
The baccalaureate sermon this year

The baccalaurente sermon this year wine be preached by Rev. J. W Duffey, D. D., Harrlsonhurg, Va.
Rev. L. T. Hout, of Pledmont, W. Va., was the guest of the seminary several days recently, visiting his two daughters who are students of the institution.

body of a man or woman was seen doating in the waters of the Elizabeth river near Craney Island, by passengers on a number of boats entering Norfolk this morning. No effort was made to recover

morning. No effort was made to recover the body.

The passengers aboard one boat endenyored to persuade the officers of the vessel to rescue it, but were told by the officers that the body had not been seen by them and therefore they could not stee the boat.

President Roosevel & Declares the Trial of Beef Phckers "Miscarriage of Jastice."

MOST SENSATIONAL MESSAGE

of the Law Malbes the Law a

(By Associated Press.)

WASHINGTON, Aprill 18.—In a special message, delivered to the Congress today, President Roo evelt declares that the result of the theount trial of the 'beef packers' in Chicago was 'a miscarriago of justice," and then the interpretation placed by Judge Humphrey on the will of Congress 'is such as to make that will absolutely abortive."

The message, which is sensational in character, is based, largely on a letter to the President Brom Attorney-General Moody, in which the Attorney-General reviews the proceedings of the case of the government against the beef packers. The President says it is clear that no criticism attaches to Commissioner Garfield, as what he did was in pursuance of a duty imposed on him by Congress. He refers sharply, however, to the decision of Judge Europhrey, saying that Congress could not have foreseen such a decision, and thus he can hardly believe that the ruling of Judge Humphrey will be followed by other Judges. He declares that such interpretation of the law as that placed! on it by Judge Humphrey "comes as a declaratory act stating its real intention.

You can get soap most anywhere, but not good soap everywhere. The majority of dealers are not judges of soap—they just sell soap. You generally get the poor kind if you don't buy at a place like this, We have the very best soaps made, both imported and domestic.

(Incorporated.) FOUR DRUG STORES

# executed in from one to three days. Our work will please you. Mail orders promptly attended to. Eighth and Main Streets.

## Soaps There are soaps and soaps.

Let us furnish YOU.

T. A. Miller,

# While Rheumatism is usually worse in Winter because of the cold and dampness of a changing atmosphere, it is by no means a Winter disease entirely. Persons in whose blood the uric acid, which produces the disease, has collected, feel its troublesome pains and aches all the year round. The cause of Rheumatism, is a sour, acid condition of the blood, brought about by the accumulation in the system of refuse matter, which the natural avenues of bodily waste have failed to carry off. This refuse matter coming in contact with the different acids of the body, forms uric acid which is absorbed by the blood and distributed to all parts of the body, and Rheumatism gets possession of the system. Rheumatic persons are almost constant sufferers; the nagging pains in joints and muscles, are ever present under the most

possession of the system. Rhoumatic persons are almost constant sufferers; the nagging pains in joints and muscles, are ever present under the most favorable climatic conditions, while exposure to dampness or an attack of favorable climatic conditions, while exposure to dampness or an attack of favorable climatic conditions, while exposure to dampness or an attack of indigestion will often bring on the severer symptoms even in warm, pleasant weather. Liniments, plasters, lotions, etc., relieve the pain and give the sufferer temporary comfort, but are in no sense curative; because Rheumatism is not a disease that can be rubbed away or drawn out with a plaster. S. S. S. is the best treatment for Rheumatism; it goes down into the blood and attacks the disease at its head, and by neutralizing the acid and driving it out, and building up the thin, sour blood, cures Rheumatism permanently. Being made entirely of roots, herbs and barks, S. S. Will not injure the system in the least. Book on Rheumatism and any medical advice without charge.
